

Why Choose Veteran Care Companions?

LOCALLY OWNED & OPERATED

Veteran Care Companions is a family owned and operated home care agency serving seniors, veterans and disabled persons in Indianapolis and surrounding areas. We are proud to be a Hoosier owned business with deep roots in the community. We are an independent agency and not a franchise and that allows us the flexibility to serve each client at the highest level, meeting their unique individual needs. Most importantly, we are proud to serve, employ and give back to our nation's veterans.

OUR CAREGIVERS ARE THE BEST

We hand pick only those experienced individuals who display the spirit required and the attitude necessary to effectively help our clients. Veteran Care Companions conducts thorough background checks on all potential caregivers including appropriate criminal record checks, reference checks and motor vehicle reports.

WE EMPLOY OUR CAREGIVERS

All of our caregivers are employees of Veteran Care Companions and not contractors. Hiring an independent caregiver may be a less expensive alternative but leaves the client with many unwanted responsibilities including payroll tax, worker injury and supervision concerns.

A PROFESSIONAL APPROACH

We are fully insured with professional and general liability insurance. Initial and ongoing training keep our caregivers up to date and among the best in the industry.

ALL WORK IS SUPERVISED BY A REGISTERED NURSE

Veterans Care Companions uses experienced nurses, who oversees all caregiving assignments to ensure that every client receives exceptional service each and every time.

COMPATIBILITY GUARANTEED

It is vitally important for our clients to not only receive top-notch care, but to also feel comfortable with their caregiver. Every effort will be made to make sure you are matched according to your needs and preferences.
